

Community Solar: Clean Energy for Everyone, Everywhere

Ampion

Supporting renewable energy providers
with software and administration
services

Abundant Energy

Developing, installing, and operating
solar projects across North America

Reforming the Energy Vision (REV)

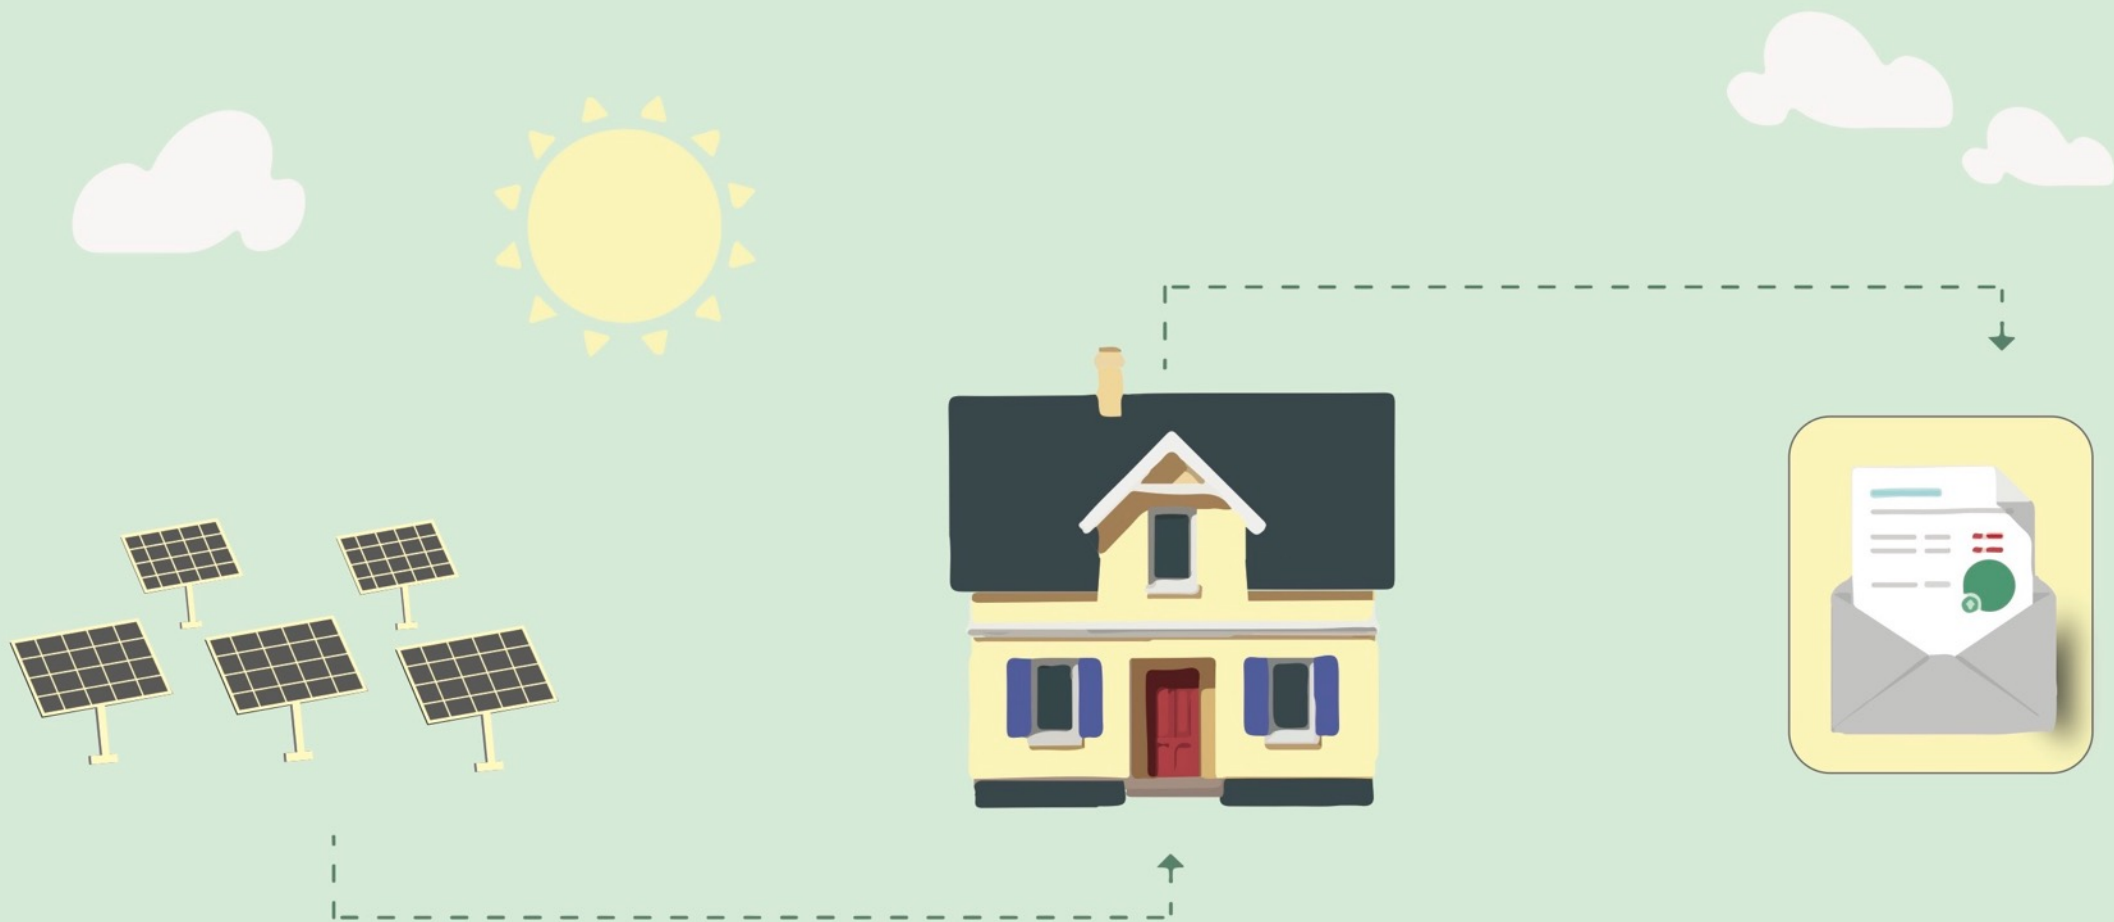

- Cut greenhouse gas emissions 80% by 2050
- Make energy more affordable
- 70% of electricity to come from renewables by 2030

An aerial photograph of a vast solar farm. The solar panels are arranged in neat, parallel rows across a large, flat, green field. The perspective is from a high angle, looking down at the panels. The background shows more green fields and some distant trees under a clear sky.

What are Your Options?

- Traditional Rooftop Solar
- Premium “green” utility programs
- Community Distributed Generation (“CDG”) or “Community Solar”

Benefits

- **No installation or maintenance**
- **Zero upfront payment**
- **Lower electric bills**

CURRENT PROJECTS

Spencerport

East Bloomfield

Williamson

Macedon
